Fellow Philatelists and Friends:

ALOHA and WELCOME to the Hawaii State Philatelic Exhibition, HAPEX-76, celebrating the 125th anniversary of the first Hawaiian stamps, the world-famous "Missionaries", and the 65th anniversary of the HAWAIIAN PHILATELIC SOCIETY, the sponsoring organization for these biennial exhibitions. We hope you will take advantage of this rare opportunity to view some of the world's greatest philatelic rarities in the Court of Honor, as this is the largest gathering ever of Hawaii "Missionary" material in one place in the world.

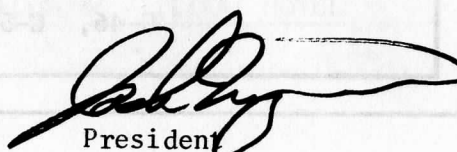

Be sure to consult the Schedule of Events in the next few pages for a variety of interesting programs. Stop by the many dealers' booths and add to your collection (or start one). Find out about the stamp club in your local area at the club tables. Those collectors who are not members of H.P.S. will find a plentiful supply of membership applications at the Society table along with other interesting collectors' items and souvenirs.

Also, don't forget our philatelic partners, the Honolulu Post Office, with their huge supply of stamps and special Show cancellation.

For answers to questions, advice about our hobby, or information about any Society project, feel free to buttonhole any Society member or Show official.

We hope your visit with us will be enjoyable, educational, and rewarding.

Mahalo,

President

GOLD RUSH STEAMERS OF THE PACIFIC

By Ernest A. Wiltsee

First published in 1938 in a limited edition of 500 copies, GOLD RUSH STEAMERS OF THE PACIFIC has long been regarded as a classic in its field. Based upon his studies of newspaper accounts, propaganda hand-stamps used by the steamship companies, and other sources, Wiltsee discusses all the ships to California from 1848 to 1869 in chronological order. Also covered in detail are the gold rush period of 1848, the inauguration of the Pacific Mail Steamship Company, Law's line of Pacific steamers, the Empire City Line, and the three additional competing lines put into operation during 1850 and '51. The 17 plates illustrating steamships and important personalities included in the original work are printed as extremely fine halftones in this facsimile reproduction. 5 illustrations of steamships and scenes of San Francisco and Hawaii have also been added to this Quarterman edition.

Also included in this 496-page Quarterman edition are the 35 covers illustrated in the original and approximately 90 new photographs of covers supplied for this edition by interested collectors. A foreword by Basil C. Pearce has also been added. This work is a valuable contribution to the early history of the United States and should be in the library of every collector, postal history student, steamship buff, and western history enthusiast.

Though a dealer of rare coins, I cannot forget my first hobby - collecting stamps - almost twenty years ago.

From that time until only a few years back, my Dad accumulated quite a selection of popular and rare U.S. stamps.

It is at HAPEX-76 that I will have the honor of dispersing a well-rounded collection.

Some offerings that will either be at my bourse or in the auction are:

1¢ through \$1 Columbians in various mint and used condition, an almost complete sheet which has the two 5¢ carmine errors, complete mint airmails (approx. #1-50), over two dozen different errors, stamped envelopes and letters from 1846 through the Civil War, many early choice mint regular and commemorative issues, and, of course, many nice Hawaiian and U.S. coins.

A warm welcome to all of you who wish to buy, sell, or just chat!

Sincerely and Aloha,

CRAIG WATANABE

HOALOHA PO'OLEKA O HAWAII

The U. S. Postal Service receives a goodly amount of criticism, much of it justified, from philatelists across the country for its lack of understanding of our hobby.

The Hawaiian Philatelic Society seeks to foster improved philatelic service in Hawaii by "accentuating the positive" rather than complaining.

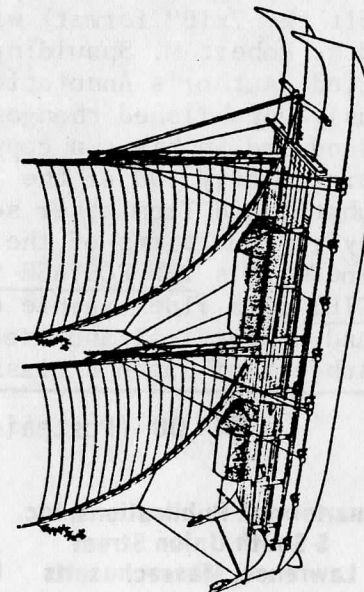

The Society has established a biennial award titled "HOALOHA PO'OLEKA O HAWAII" (Friends of Hawaiian Philately).

This award recognizes employees of the U.S.P.S. throughout the State who have been nominated by stamp collectors and stamp clubs in Hawaii for their outstanding efforts on behalf of stamp collectors.

The 1976 "Friends" who will receive their awards at the HAPEX-76 Installation/Awards Banquet are:

.Robert Seese, Retail Sales Director, Honolulu.
..Emil Balthazar, Postmaster, Makawao, Maui.
...Shoichi Hamai, Postmaster, Kalaupapa, Molokai.
....Shigeto Tanaka, Postmaster, Honaunau, Hawaii.
.....George Yamamoto, Navy Cantonment.
.....Tom Yoshioka, Hawaii Kai.
.....George Tanaka, Moiliili.
.....Russell Taketa, Makiki.
.....Edward Hazlewood, Honolulu.
.....Glenn Awaya, Waialae-Kahala.
.....James Y. K. Chung, Fort Shafter.
.....Edmund H. T. Loo, Honolulu Downtown.

THE POSTAGE STAMPS OF JAPAN AND DEPENDENCIES

By A. M. Tracey Woodward

Although the current enthusiast has information that was not available to Woodward when his THE POSTAGE STAMPS OF JAPAN AND DEPENDENCIES was originally published in 1928 (in a limited edition of 100 bound copies), few of the author's findings have been invalidated and the work of later scholars rests upon, and was made possible by, the firm foundation laid by Woodward. The introductory chapters are devoted to details of paper, perforation, and gum. The remaining chapters cover the issues of 1871-1927, including those of Korea and Taiwan. The book's strong point is the exhaustive treatment of the regular issues of 1871-1876.

This 768-page hardcover edition contains the complete text of the original (the type has been reduced slightly to fit the 7x10" format) with the addition of a Foreword by Robert M. Spaulding, Jr., and a section entitled "Author's Annotations" which contains previously unpublished changes and notations recorded by Woodward in his own copy of the original edition. Approximately 100 of the 246 illustration plates are substituted from other sources when better quality reproductions of the same stamps were available. Woodward's THE POSTAGE STAMPS OF JAPAN AND DEPENDENCIES is a fine example of philatelic scholarship and a practical and useful guide to the complicated subject of Japan's classic issues.
